Recitation Outline:

During recitation, we (meaning you and I *together*) will do homework problems assigned by your lecturer, Professor Al Marden. Sometimes we will work additional example problems that *may be* on the exam. The recitation time is for you to clear up difficulties and misunderstandings, so *please ask any questions* you might have regarding the material being covered in the course.

Grading:

At the beginning of every Tuesday recitation (except for the exam weeks) you will be given a quiz over the previous week's homework. The quizzes will count for 10% of your overall course grade. The quizzes will consist of one to three homework problems. The quiz problems will be *exactly* your previous week's homework problems. The quiz problems will never correspond to *even* numbered homework problems, *unless* we did those *even* numbered problems during previous recitations. Each quiz will be worth 10 points.

Make-Up Quizzes:

There will be *no make-up* quizzes. However, if you miss a quiz, then your next quiz will count double. If you miss two quizzes in a row, then your next consecutive quiz will count triple. If you miss three quizzes in a row, then your next consecutive quiz will count quadruple, and so on.

Student Conduct:

Every student is expected to conduct him or her self in a manner consistent with *Regents' Policy on Student Conduct*, <http://www1.umn.edu/regents/policies/academic/StudentConductCode.pdf>. *Scholastic Dishonesty*, as defined in *Regents' Policy on Student Conduct*, will not be tolerated.

Additional Remarks on Student Conduct:

If I catch you cheating, you will discover my evil side; i.e., I'll vigorously pursue the harshest penalties allowed by the school. Please, *do not cheat!*
